

September 21<sup>st</sup>, 2012

Dear Principal,

Greetings from the HKUST Business School!

With the upcoming HKUST Congregation on November 15, we shall be officially graduating another batch of talented business students. May I take this opportunity to share with you the achievements of your former students who are graduating or currently studying in our school. You may wish to post the attached announcement on your bulletin board to let these model alumni set a shining example to your current students.

To facilitate understanding of our undergraduate programs, the university is going to hold an Information Day on October 13 (Saturday). Teachers and students are welcome to visit us to learn more about our 4-year curriculum, admission requirements and students support services. Details of the event will be announced at <http://infoday.ust.hk/>.

We endeavor to accommodate admission talks or campus visits should your students be unable to attend our Information Day. Our **Student Ambassadors** will be more than happy to share their first-hand HKUST experience with your students. Please feel free to contact us if you are interested in any student sharing events.

In addition, we would like to update you that the application for Business YoungStars program (BYS) 2012 will open in mid-October. All Form 4-5 students with interest and potential in business studies are welcome to apply. Application details will be sent to your career masters in early October.

Enclosed are our latest brochures and student magazines for circulation to your career masters and students. **To bring our outreach events to your school, please complete and return the attached reply form to us.**

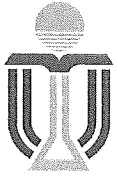

Should you need any further information about our programs, please do not hesitate to contact us. Thank you very much for your continuous support and I wish you another successful school year ahead.

Yours Sincerely,

Prof. Francis Lui

Associate Dean (Undergraduate Programs)

School of Business and Management  
The Hong Kong University of Science and Technology

2011-12
